

RECOMPOSE

General Price List

Effective September 1, 2020

Recompose strives to be straightforward and transparent about our pricing. If you have any questions about what is included in our price or anything else as you are considering our service, please contact us at the email or phone number below.

An important note about this list:

The funeral industry’s “General Price List” (GPL) is highly regulated by the US Federal Trade Commission (FTC). The FTC requires that all funeral establishments provide a GPL upon request, and presumes that all funeral establishments are conventional establishments offering caskets, cremations, and embalming.

As such, the GPL requires a number of disclosures that don’t apply to the only distinctive service we offer: natural organic reduction. So when you see a “Federal Disclosure” that seems confusing or out of place, it is possible that it is exactly that – a disclosure that we have to make, but which is not actually relevant in this specific situation. Feel free to ask us about anything that isn’t clear.

Federal Disclosure

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

- Transport to Recompose location from Portland Metro area \$550
- Transport of deceased for autopsy or medical examiner review (each time the body is transported) in addition to the transport price listed above\$50
- Transport (per mile) outside the included counties unless otherwise listed \$4
- Forwarding of remains to another local funeral establishment within King, Pierce, or Snohomish County\$750

A Note on the Forwarding of Remains:

Because Recompose does not stock containers for bodies like caskets and air trays, we cannot ship a body by air as other funeral establishments sometimes do. We can forward remains to another local funeral home who provides such a service.

In the case of such local forwarding, the charge includes basic services of funeral director and staff; a proportionate share of overhead costs; removal of remains; preparation of remains, NO embalming (Recompose does not offer embalming), and local transportation. Additional out-of-area transportation will be priced as above.

Other Services & Merchandise

- Additional container of soil (each)\$25
- Shipping of soil container within the United States..... \$75
- Daily storage of cubic yard of soil after 2 weeks \$30
- Daily cooled storage for body after 4 weeks\$30
- International document processing\$200
- Receiving remains from another funeral home \$0

Because of the variety of regulations involved, Recompose does not ship soil internationally.

Federal Basic Services Fee Disclosure

This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select.

Basic Services and Overhead Fee..... \$0

A note from Recompose:

We are required to have a Basic Services and Overhead Fee on our GPL, but because Recompose only offers one service (natural organic reduction), and because we include our overhead costs in that fee, we did not feel it was appropriate to have an additional "Basic Services and Overhead Fee." Since we were required to list a price here, we have set it to \$0.

The following disclosures are required to be included on the GPL by the Federal Trade Commission.

Federal Embalming Disclosure

Except in special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.

A note from Recompose:

Recompose cannot accept bodies that have been embalmed, as embalming conflicts with Recompose's process. An embalmed body cannot safely go through the natural organic reduction process.

Federal Casket Price List Disclosure

All funeral homes are required to provide a casket price list upon request.

A note from Recompose:

We don't sell caskets.

Federal Outer Burial Container Disclosure

All funeral homes are required to provide an outer burial container price list upon request.

A note from Recompose:

We don't sell outer burial containers (sometimes referred to as "vaults").
